

Statement of Work — GhostLink GDL v1 VM

Parties

Client: GhostLinkLabs (you). Contractor: _____.

Scope

Implement GDL v1 VM and CLI runner; meet Acceptance Criteria (PoR) as detailed.

Milestones & Payments

M0 (10%): Kickoff + architecture doc.

M1 (20%): Opcode scaffolding + memory layout; demo BUILD_DELTA, NB_REDUCE, ENERGY.

M2 (30%): Full opcode set + CLI runner; deterministic D1.

M3 (30%): PoR pass on supplied scenarios; telemetry JSON; documentation.

M4 (10%): Final handoff; code review; knowledge transfer.

IP & Confidentiality

All work-made-for-hire; all IP assigned to Client upon final payment. Contractor agrees to confidentiality. No external network I/O during tick execution.

Change Control

Changes in scope require written approval and may adjust price/timeline.

Warranties

Contractor warrants original work, no infringement, and a 30-day bug-fix window for PoR regressions.

Acceptance

Acceptance is based on passing PoR tests with the thresholds specified.
